A vampire is a being from folklore that subsists by feeding on the vital force (generally in the form of blood) of the living. In European folklore, vampires were undead beings that often visited loved ones and caused mischief or deaths in the neighborhoods they inhabited while they were alive. They wore shrouds and were often described as bloated and of ruddy or dark countenance, markedly ...

All states allow a medical exemption and some states allow philosophical and/or religious exemptions. However, the American Medical Association and ChildrensHealthCare.org are actively promoting the abolishment of religious and philosophical exemptions. Likewise, other corporate fanatics are also challenging informed consent.
