Overview. There is no exact, widely accepted definition of what constitutes an "indie game", however, indie games generally share certain characteristics. Indie games are developed by individuals, small teams, or small independent companies; companies that are often specifically formed for the development of one specific game. Typically, indie games are smaller than mainstream titles.

Artwork by Mel Hunter (1959) As you probably already know, "strategy" refers to the science of successfully fighting an entire campaign or war, while "tactics" refers to the science of successfully fighting a single battle. Predictably some military strategy and tactics are general enough to apply to interplanetary combat, while others do not work at all in the space environment.
