transcript read as if John were the crazy one. None of opposing counsel's tone or sneers came across on the transcript. And John's soliloquy on the record - what John had, at the time, considered calmly phrased and cogent points seemed like the ramblings of a madman. John's story is common for young attorneys.

Psychiatrist Mark Goulston explains why some people act irrationally and helps you identify different modes of acting crazy. He shares proven psychiatric tricks and techniques for dealing with people who behave somewhat off the wall, but he carefully distinguishes between momentary irrationality and serious mental or emotional disorders (in which case, he says, enlist professional help).

The Tell-Tale Heart "True! yes, i have been ill, very ill. But why do you say that I have lost control of my mind, why do you say that I am mad? Can you not see that I have full control of my mind? Is it not clear that I am not mad? Indeed, the illness only made my mind, my feelings, my senses stronger, more powerful. My sense of hearing

Talking to Crazy is an interesting book in psychology. I found it interesting because it talks about dealing with the irrational people in life. I picked it up because it sounded like a book with a unique topic, but it turned out more to be a "how to" manual than the nonfiction, informative book I was expecting.
